THE ST. REGIS

Hong Kong

The St. Regis Hong Kong has officially opened its doors, reflecting the vision of the St. Regis group through the eyes of design maestro Andre Fu, the St. Regis Hong Kong blends architectural creativity, cultural diversity and timeless elegance. We are thrilled to have had the opportunity to work with the team at AFSO on both the public areas and guest rooms at this stunning property.

The Great Room, pictured above, is the hotel's main public area and the space casts visual symmetry in its pure geometrical shapes and patterns from ground up. Claybrook worked with Andre Fu to create a bespoke dimensional natural stone feature wall above the monumental fire place in Silver Travertino and Athens Grey marble.

Presidential Suite

The opulent 250m² presidential suite features an inviting marble bathroom, at the centre of which is a custom designed round Claybrook soaking tub in Dover White. The organic form of the bath brings a softness to the angular and minimalist interior.

There are 112 rooms and 17 signature suites, each of the large guest rooms is opulent but comfortable and offers an oasis of calm from the hustle and bustle of Hong Kong. Our Skye baths in Dover White were selected to complement the Deluxe Rooms, offering guests the ultimate in relaxation.

Claybrook custom-made mosaics in Silver Travertino and Athens Grey adorn the public-area bathrooms at the hotel.

THE CLUB WING

OCEAN PARK MARRIOTT HOTEL

Hong Kong

Renowned international interior designer Peter Remedios created The Club Wing's interiors with an inviting palette of natural colors and modern furnishings. The Ocean Park Marriott Hotel was designed with the environment in mind - the hotel's façade features energy-saving components to keep the building cooler during the summer, rainwater collection areas and vertical planting systems are found throughout the hotel - and Claybrook's low-impact eco-friendly MarbleForm bathware aligned perfectly with this vision.

Featuring our Natural finish, with its softly undulating sand-blasted exterior, Peter Remedios designed a bespoke soaking tub with integrated bench in a pale beige tone. The bath perfectly complements the limestone interior and is the ideal place to unwind after a day spent exploring the theme park at Ocean Park.

THE ST. REGIS

Singapore

Styled after the home of American high society doyenne Caroline Astor, Caroline's Mansion at the St Regis Singapore is a truly breathtaking new venue space. The space was "designed as an exclusive venue with a residential feel to receive esteemed guests," shares Cedric Jaccard, creative director of Avalon Collective. Together with lead designer Pola Bejasa and their team, the firm aimed to create a grand sense of arrival befitting the legendary soirees hosted by the Astor matriarch.

Claybrook's Doric freestanding basins hand-carved from single blocks of Emperador marble adorn the powder rooms and create a true sense of opulence.

IN PARTNERSHIP WITH ROGERSELLER

Australia

We are thrilled to announce our partnership with Rogerseller as the official and exclusive Claybrook distributor in Australia. Rogerseller, a name synonymous with design for over 120 years, has a rich heritage immersed in a commitment to shape, style and providing their customers with individualized solutions as the premier supplier of bathware in Australia.

We urge any of our customers in Australia to visit the Rogerseller showrooms to see our stunning new Claybrook installations featuring the latest contemporary tapered-rim designs.

For more information please contact your closest showroom <https://www.rogerseller.com.au/showrooms>.
