

HILL AND DALE RESIDENCES

Toronto, Canada

Hill and Dale is a contemporary boutique residence located where the Summerhill and Rosedale neighborhoods intersect – arguably the best address in Toronto, providing every possible convenience and remarkable access to the city. This six story mixed-use development features stunning interiors by Toronto based Chapi Chapo Design Inc., bringing together retail, office space and luxury residential units.

Claybrook worked with Chapi Chapo Design to create free standing bathtubs for the 15 custom suites gracing the top three floors of the building. The designers wanted the suites to reflect the tranquility of the nearby parks, as well as function like a traditional family home to give guests a true sense of calm and well-being.

LEE GARDEN II

Hong Kong

Lee Garden's is Causeway Bay's premier shopping destination and a magnet for fashion, lifestyle, and hospitality brands. We were excited to work with Hysan Development and LAAB Design Ltd on a renovation plan to enhance and upgrade the public areas in the shopping mall.

Demonstrating the versatility of our MarbleForm compound, the bespoke free standing reception counter in our reflective Pearl finish with brass detailing certainly catches the eye as visitors enter the mall.

The shimmering bespoke Pearl MarbleForm vanity basins and bench in the washrooms creates a luxurious art deco aesthetic worthy of the caliber of shoppers and brands housed in the mall.
