## RAFFLES MALDIVES MERADHOO

### Maldives

Hidden away at the Southern tip of the Maldives, the newly opened Raffles Maldives Meradhoo resort boasts luxurious interiors and unparalleled service. While your own personal butler mixes you a cocktail, lie back and enjoy true paradise in the heart of the Indian Ocean.

Featuring 37 spacious villa suites, Claybrook worked with Blink Design of Singapore in selecting our timeless Chelsea baths. With its elegant detailing and bold outlook, the Chelsea perfectly complements the sophisticated interior scheme.

# SLEEP+<sup>2019</sup>EAT

INSPIRING HOSPITALITY THROUGH DESIGN

19-20 NOV. OLYMPIA LONDON

Inimitable hospitality experiences happen when concept, design, style and innovation unite and preconceptions are left behind. Sleep + Eat London brings together the visionaries that represent each field, and in turn defines the evolution of trends in hotel, restaurant and bar design.

We were thrilled to be approached by visionary Ed Ng, the powerhouse behind design firm AB Concept, to collaborate on their Sleep Set suite at Sleep+Eat 2018 in London to create a space defining "the recognizable and the new". AB Concept was one of only four firms from around the world to be invited to participate.

Our in house design team and stone masons created a unique bespoke pedestal basin and matching mirror carved from a single block of Calacatta Borghini and inspired by the simple form of a water droplet to complement the exhibition suite.

# THE MURRAY

A Niccolo Hotel, Hong Kong

The eponymous Murray Suite with its breathtaking panoramic views of the city, offers the ultimate experience for the well-heeled traveler used to the finer things in life. The impressive 225 square meter suite, furnished in the hotel's signature contemporary urban style, is the work of Foster + Partners.

This project is exactly the kind of bespoke design challenge we at Claybrook live for! With its jaw-dropping bathroom, all of the bathware in the Murray Suite was custom made from specially sourced blocks of Bulgaria Grey marble. A bespoke circular hand-carved freestanding double basin stands in the center of the room, overhung by a porthole-like double-sided mirror. The room also features a monumental Bulgaria Grey marble freestanding bath overlooking the Hong Kong Central skyline, as well as a wall-hung double basin in a further bathroom.
