

## ***FLUTE COLLECTION***

Inspired by the gently flaring rim of a vintage champagne flute, the Flute collection has a refined and sleek silhouette. Contemporary yet evocative of the past; of glamour and celebration. The Art Deco inspired arch line adds a touch of femininity to the collection's streamlined design, making it both minimalist and glamorous. Smooth inclined angles support the back and neck of the bather, while its ergonomic design provides a comfortable and relaxing experience.

The collection features a bathtub and ensuite countertop basins available in an oval or round option, providing flexibility depending on the layout of your bathroom, and available in our full range MarbleForm® colours.

MarbleForm is a unique material, handcrafted from natural materials in an eco-friendly production process. Uniquely heat retentive, easy to clean, stain resistant and with a wide range of colours, finishes and forms; from highly traditional to cutting edge, create a stylish sanctuary in your home.
